Price:

Exclusion criteria:

Unlike every other jobs database for SLPs, we do not automatically allow just any job posts. Our commitment to quality means that we will refuse postings due to:

- illegal job classification or features;
- unclear location or placement details (must disclose name of clinic, or location of school district within 20-mile radius);
- pay below the 10th percentile (per ASHA, BLS, and internal data);
- productivity expectations > 85%;
- details within your job application are abusive, unethical, or unfair to SLPs, and/or your company has been blocked for these reasons based on other data.

As of 2025, 77% of SLP jobs submitted to Informed Jobs are accepted.
